The Noosa Heads Jazz Club presents

## Home Brew Jazz

For our first show in 2019 we present Home Brew. This group is a collective of Jazz players showcasing some of the local musicians. The band features John Withers who's music career spans a lifetime of playing, one earlier Rod Mason Band made a recording, "Strutting With Some BBQ" with amazing players. Apart from leader Rod Mason, John Withers had the banjo chair in the band at the time. The amazing drummer Jimmy Garthforth, who appeared at a Noosa Jazz Club Picnic when visiting John a while ago was in the band and equally amazing reeds player Pete Allen. The Jazz Factory had the great pleasure of playing a series of shows with Pete around London in 2008. We have some staunch local band members as well, Greg Garrett who tells me now it only take 45 minutes to get to Noosa with the highway upgrades from Gympie, has been playing at the Noosa Jazz Club since the 90's and is now regarded as a local, an accomplished musician Greg will be featured on his alternate instrument and playing drums.

Noosa's Best Night Out!

will be playing drums. Paul Williams is a long time supporter of the club and now from Peregian Beach, has been an Australian and International performer his whole life. Check a few of your jazz recordings of Bob Barnard and Tom Baker from Sydney and you will most likely find Paul credited there too. Talented trumpet player Garry Buckley is a new local addition to The Jazz Factory. Garry hails from Buderim and I hope you will be seeing more of him in the future. He is a multi instrumentalist with a fine voice so expect a few songs as well. Jo Bloomfield is one of Australia's most talented pianists and although from the North side of Brisbane she appears so regularly for us each year. She is a Local! The local sousa-phone player is in it too.....

The very popular **Braben/Jenner Hot Five** will perform for us 16th March. The band plays the music of early 20th century America including the ragtime of Scott Joplin, Jelly Roll Morton and Fats Waller - the great masters of the piano, and the hot jazz of Sidney Bechet, Louis Armstrong, Johnny Doods, King Oliver, Bix Beikderbecke and Duke Ellington.

All tunes are reinterpreted and played with plenty of passion, skill and respect for the originals.

The band comprises Andy Jenner on clarinet, soprano and baritone sax, John Braben on trumpet, Jo Bloomfield on piano, Peter Freeman on double bass, there is banjo of course.

Together, they will take you back in time to where it all started with ragtime piano, blues and the jazz of early New Orleans.

Dates for the 2019 Noosa Jazz Party Combined concert with Noosa Chorale August 23rd, 24th. A full program each day and 4 Nights of "The Real Thing" at The J theatre Thursday August 29th to Sunday 1st September

Quite a few of our regular members and friends took off in December for a great jazz adventure to Norfolk Island

for a week. The climate was fantastic and leaving Brisbane Airport in a smart Air New Zealand A320 Aurbus we left behind high 38deg heat to arrive on the Island to a mild 26deg.and sighs of relief, the temp stayed about the same throughout our visit to the island. The entertainment was well received with a variety of performances from the different groups and the various venues and the great small and intimate restaurants were all friendly and well run. The informative island morning tour (part of the package) took us to all the beauty spots around the island to finish at a clifftop venue complete with an electric fence (to keep the visitors on the TOP of the cliff!) where we were regaled with tea, coffee, scones, jam and cream!

Our last event for 2018 at Jims place was a cracker! Weather perfect, great fun, lots of attendees taking pics. It would be a good idea to forward happu snaps on for publication Happy New Year!

I would like to hear the punchline....
